me: Dear Minddrift Team,

I Want to Be an AI Tutor!

-- and be part of an AI Tutor team too! // After **10+ years professional experience in Germany**, I am back in Mexico looking forwards to put in practice and test the best concepts and practices (give & take) developed after years of detailed observation and cultural immersion into the experts minds of the Allemagne.

Over the past **20+ years of experience in the Technology & Innovation** Train, I've been able to **==work & thrive in large international teams==**:

1. i*Germany*: CARIAD SE, Carmeq GmbH, Continental AG, Siemens VDO
2. iMexico: Tec de Monterrey, Mayan Resorts, Consejo Estatal de Población

bringing & collecting ==**expertise in different roles**==:

- Business Co-Owner: Tata Ubiza & Co.
- Start-up Enthusiast: FINDIS SAPI de C.V. - Finanzas Innovadoras y Disruptivas, CT & AI Officer
- **Technical Expert**: *Automotive (ADAS, Vehicle & Body Control Units)*
- **Technical (Group) Leader**: CMMi, ASPICE (Automotive), Scrum Master, Pomodoro
- **Software Developer & Integrator:** CI, Jenkins, JIRA, Confluence & Co.
- Graphic designer: Web designer (Apache, Java) : CITE - Centro de Innovación Tecnológica
- Electronic hobbiest: B. in Sc. Degree in Electronic Systems Engineering
- Branch Manager: Feng Sushi Ltd., London, UK
- zHacker: Berlin, GER
- Programmer: Assembler, C, C++, Java, Javascript, Perl, PHP, Python, CAPL, VHDL, Pinescript, Lua, ActionScript, HTML

As Technical & Domain Expert, ==**I will bring practical experience, expert insights, fresh innovation & clarity in written form to your team**==.==
